Dedication

The Class Of 89

It was our Senior year and we were told that the school was going to be under construction. Our first reaction was "why us?" We had no choice because of the fear that we might "fall into the cement"; we also had to enter through the second floor which was a slight inconvenience. However, we were able to maintain our high spirits and have a great Senior year. For this outstanding feat, we have dedicated this book to ourselves-The Class of 89'. We also want to extend our sincere thanks to the construction workers for a job well done.

We'll Miss You!

Country Running

Cross Country

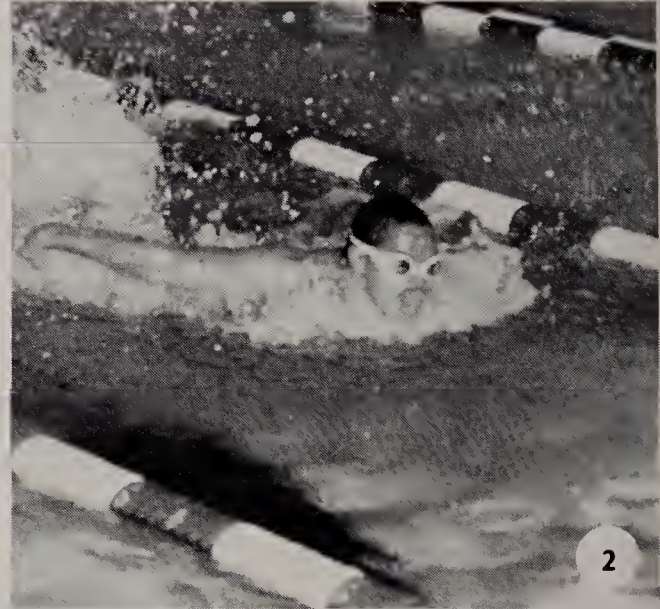

Although the team record is far from impressive, the 1988 edition of the Weaver Boys Cross Country team did produce some outstanding individual performances. Junior Kenneth Knowlin earned a spot on the All-Conference team (CCC West) with a **THIRD PLACE FINISH!!** Kenneth was our top runner all year and ended his season with a 27th place finish in the State Class L Meet. Freshmen Marlon Hamilton and Keto Young showed outstanding promise and will be the **CORNERSTONES** of future Weaver teams.

Swimming And Diving Team

Swimming & Diving

"Each year the Weaver Swim Team gets better and better. In only our third Season as a team the members have made outstanding progress with notable accomplishments both individually and as a team. Half way through the 1988-89 Season the team had set new school records in ten out of eleven events. This years team will be sending two relay teams and possibly two or three individuals to the State qualifying meet. With only one Senior leaving the squad, the outlook for next years team looks very promising."

Cross Country

The girls cross-country team started the season with two losses, but after that, the girls realized that it was time to buckle down and get serious. One of the main goals this year was to defeat both Hall High and Bloomfield High Schools. For years, Weaver has been defeated by both teams. This year was different. The girls dug down deep and defeated both teams with hard work and dedication. We ended on a very strong note.

Soccer

This year's team was both new and interesting. Coach Butterfield in his first year, went with a young inexperienced group to build for the future. There were only two seniors on the team. The young men lost every game on the schedule but progressed in experience and skill during each outing. Toward the end of the season the scores became closer. No one ever gave up and the team prospered with twenty-two members. The team was nominated for the End Sportsman-ship award and McCoy Lewis made the All Star Team.

Gymnastics

When the season began we were not sure we would be able to survive the season but we quickly learned how hard our gymnasts were willing to work. From then on it was a matter of how good we wanted to be. Now all we need is time to improve as much as we want. One of our goals was to score 89.4 in the city meet. Our other goal was to win the city meet, and we did that beating Bulkeley by 1.50 points. Kim Woodward qualified for state meet in all four events plus all around. Way to go team.

Basketball

This year's Weaver boy's basketball team has great potential. We have the talent and speed to go further than any team in the past 15-16 years. Two of the team players Herdol Christie and Michael Williams should be all State Selections and will also go over the 1,000 mark this season. This is a very rare happening for two players on the same team to reach this milestone.

The supporting cast of long range shooter, Leon Elmore, point guard, Juan Castillo and high jumping, Ken Freeman; plus versatile Anthony Coleman, makes for a really exciting team. Who can possibly know just how far their minds and skills will take them?

Baseball

"Last year's team was a big surprise to me, I really didn't expect us to have a chance to win many games. The first part of the season was a disaster but, when we played our games at Keney Park our season turned around. The highlight was beating #1 Windsor."

Assistant Coach, Gary Fitzpatrick, Mike Alamo (Co-Capt.), Reggie Williams, Alfred Williams, Frankie Agosto, Juan Castillo, Corey Crews, Lonnie Brooks, Coach Deloreto, Tanya Washington (Manager), Robert Fleeting (Co-Capt.), Ramon Vasquez, Juan Melendez (Co-Capt.)

“This year’s team has come through a lot of difficult challenges. We have a new Coach who tried her best to make the season run smoothly. Mrs. Williams has always put the squad before herself. The team of seven has maintained their spirit through all the changes. They support each other and their team.”

The cheerleaders are always present to give their extra yell to boost the team to victory. Leaving this year’s leadership to two SENIORS, Chanel Russell, who has always been there to support and Tracy Carr. THE REST OF LOOK TO THE CHEERLEADERS OF WEAVED HIGH!!!

A WEEK IN FEBRUARY

Our own Ms. Monigan-Cameron had her book of poetry, *Survival Poetry*, published. The African-American Student Organization at the University of Hartford displayed the *Apartheid On Our Minds* Exhibit that was produced by Weaver students last year.

The need for air- redesigning the ventilation system - was made public by the staff during informational picketing before school.

Even though we were under construction, Weaver didn't grind to a halt. In February we were honored by the presence of Ozzie Davis and entertained by the Weaver Drama Club performing scenes from *St. Louis Woman*.

Representatives of the Publication Design Class presented a check for \$600.00 to the Bishop Tutu Fund which they raised by selling Anti-Apartheid T-Shirts.

Thinking about your future?

Think about Aetna. We offer jobs to high school graduates with the skills that count. If you have good keyboard skills, are good with numbers and have good communications skills, we want to talk with you about entry-level employment.

Just stop into our recruiting office at 151 Farmington Avenue, Hartford, and fill out an application.

Because we're concerned about your future, we'll let you know how you fit into ours.

So if you're thinking ahead, think Aetna Life & Casualty. An equal opportunity/affirmative action employer.

HARD WORK, DETERMINATION AND A HELPING HAND.

That's what it's all about.

With a lot of hard work and a little bit of help, the Class of '89 is about to graduate. What's more, the Class of '88 is already out there making it in the real world.

In fact, a small group in particular — grads from Bulkeley, Hartford, and Weaver High — are doing exceptionally well. They all have good jobs at The Travelers.

But, they got their start while they were still in school. The "School-to-Work Program" helped them make it through their senior year. And, once they graduated, gave them a chance to

get into a paid, full-time training program, leading to a challenging job.

Through the "School-to-Work Program" and The Travelers' "PROJECT FUTURE," they learned how to use computers in the business world. Sharpened their math and reading skills. And put their talent to work.

You can, too. So, if you're planning to graduate in 1990 and want to make the most of yourself, make the most of your senior year. Talk to the "School-to-Work" counselor at your high school.

If you can handle the hard work and have the determination, they'll give you a helping hand.
